Section 1: Market Overview

1.1 The Indian Retail Loss Problem

India's retail sector is one of the fastest-growing in the world, projected to reach **\$2 trillion by 2032**. Yet it bleeds silently — retail shrinkage (theft, pilferage, employee fraud, and administrative errors) costs Indian retailers an estimated **₹25,000–₹35,000 crore annually**, representing **1.5%–2.5% of total retail revenue**.

Shrinkage Category	Estimated Share	Annual Loss (Approx.)
Shoplifting (external theft)	38%	₹9,500–13,300 crore
Employee/internal theft	28%	₹7,000–9,800 crore
Administrative errors	22%	₹5,500–7,700 crore
Vendor fraud	12%	₹3,000–4,200 crore
Total	100%	₹25,000–35,000 crore

Key pain points driving demand: - Traditional CCTV is reactive — footage is reviewed only after a loss occurs - Manual monitoring is expensive, unreliable, and non-scalable - Most Indian retailers lack dedicated loss prevention staff - Insurance premiums are rising due to undocumented theft incidents - Organized retail crime is increasing in metro and Tier-1 cities

1.2 Target Market Segments

Retail Nazar is designed to serve a broad spectrum of Indian retail formats. Below are the primary segments, their pain points, and why they are ideal customers:

Segment	Store Count (India Est.)	Avg. Monthly Loss	Key Pain Point	Ideal Plan
Kirana / General Stores	12 million+	₹5,000–20,000	Employee pilferage, no monitoring	Starter
Fashion & Apparel	500,000+	₹15,000–50,000	Shoplifting, fitting room theft	Growth / Pro

Segment	Store Count (India Est.)	Avg. Monthly Loss	Key Pain Point	Ideal Plan
Electronics Retail	150,000+	₹30,000–1,00,000	High-value item theft, demo unit loss	Pro / Pro+
Pharmacy / Medical	900,000+	₹8,000–25,000	Controlled substance theft, billing fraud	Growth
Jewellery Stores	500,000+	₹50,000–5,00,000	High-stakes theft, distraction theft	Pro+
Supermarkets / Hypermarkets	10,000+	₹1,00,000–10,00,000	Multi-zone monitoring, self-checkout fraud	Pro+

Geographic Priority: - Phase 1 (Months 1–2): Noida → NCR (Gurugram, Ghaziabad, Faridabad) -
Phase 2 (Month 3): Delhi proper (Karol Bagh, Lajpat Nagar, Chandni Chowk, South Extension, CP) -
Phase 3 (Month 4+): Mumbai, Bengaluru pilots

1.3 Competitor Landscape

The Indian retail surveillance market is fragmented and largely hardware-driven. No competitor currently offers a fully AI-first, SaaS-model retail intelligence platform at accessible price points for SMB retailers.

Competitor Type	Examples	Weakness	Retail Nazar Advantage
Traditional CCTV Vendors	CP Plus, Hikvision, Dahua	Hardware-only, no AI, reactive	AI-first, proactive real-time alerts
Manual Remote Monitoring	Local security agencies	Human error, expensive, not scalable	Automated 24/7 AI monitoring
Enterprise VMS Software	Milestone, Genetec	Priced for large enterprises (₹5L+ setup)	SaaS from ₹999/mo, no capex
Generic AI Analytics	Sievert, Staqu (partial)	Not retail-specific, no SMB focus	Purpose-built for Indian retail
DIY NVR + Analytics	Various integrators	Complex setup, no ongoing intelligence	Plug-and-play, managed SaaS

Conclusion: Retail Nazar occupies a **blue ocean position** — AI-first, retail-specific, SaaS-model, SMB-accessible, India-built.

1.4 Unique Value Proposition

"Retail Nazar turns your existing CCTV cameras into an AI-powered loss prevention team — working 24/7, never sleeping, never distracted."

Core differentiators:

- **Works with existing cameras** — No hardware replacement required; connects to most IP/CCTV setups
- **Real-time alerts** — Instant WhatsApp/SMS/app notifications when suspicious behavior is detected
- **AI trained on Indian retail** — Understands Indian store layouts, behavior patterns, and local context
- **Affordable SaaS pricing** — Starting at ₹999/month; no upfront capex, no long-term lock-in
- **3-day free trial** — Zero-risk entry for skeptical first-time buyers
- **Vernacular support** — Hindi-first customer support and UI
- **Compliance-ready** — Audit trails, incident logs, and reports for insurance claims

 Section 2: 4-Month Phased Launch Plan

Overview Timeline

Month 0 (Pre-Launch) → Month 1 (Soft Launch: Noida) → Month 2 (NCR Expansion) →
Month 3 (Delhi Launch) → Month 4 (Scale & Stabilize) Week -4 to -1 Week 1-4 Week 5-8
Week 9-12 Week 13-16

Month 0 — Pre-Launch (Week -4 to Week -1)

Objective: Complete all foundational assets, partnerships, and systems before the first public-facing activity. Nothing should be improvised after launch day.

Brand & Digital Assets

Task	Owner	Deadline	Status
Finalize logo, brand colors, typography guide	Design	Week -4	—
Create brand asset kit (social banners, profile pics, cover images)	Design	Week -4	—
Website pricing page live with all 4 plans	Dev	Week -3	—
3-day trial flow tested end-to-end	Dev/QA	Week -3	—
Razorpay integration tested (all plans, upgrade/downgrade)	Dev	Week -3	—
Legal documents finalized (Subscriber Agreement, Reseller Agreement, Privacy Policy, T&C)	Legal	Week -3	—
Press kit prepared (company overview, product one-pager, founder bio, product screenshots)	Marketing	Week -2	—
Google My Business listing created and verified	Marketing	Week -2	—

Social Media Setup

Platform	Action	Target Completion
LinkedIn	Company page created, banner uploaded, first 3 posts drafted	Week -3
Instagram	Business account created, bio optimized, 9-post grid pre-loaded	Week -3
Facebook	Business page created, joined 10 target Noida/Delhi groups	Week -3
YouTube	Channel created, channel art uploaded, intro video filmed	Week -2
WhatsApp Business	Account set up, auto-reply configured, catalog created	Week -2

WhatsApp Business Configuration

- **Display name:** Retail Nazar by BrainGuardX

- **Business description:** AI-powered theft detection for Indian retail stores. 3-day free trial. Plans from ₹999/month.
- **Auto-reply message (Hindi/English):**

"Namaste! 🙏 Thank you for contacting Retail Nazar. We'll respond within 2 hours (Mon–Sat, 9am–7pm). To get started with your FREE 3-day trial, visit: retailnazar.com/trial | For pricing: retailnazar.com/pricing"

- **Quick replies configured for:** Pricing, Demo request, Technical support, Trial activation
- **Broadcast lists created:** Noida List, Delhi List, NCR General

System Integrator (SI) Partnerships — Pre-Launch Outreach

Target: 3 signed LOIs (Letters of Intent) before Month 1 launch

Target SI Profile	Location	Outreach Method
Established CCTV dealer with 50+ retail clients	Sector 63, Noida	Direct visit + demo
IT infrastructure company serving retail chains	Sector 62, Noida	LinkedIn + referral
Security system installer with pan-NCR presence	Noida/Delhi	Trade association contact

SI Pitch Deck must include: - 20–30% recurring revenue share on all referred subscriptions - Co-branding option (white-label available for Pro+ volume) - Free training and certification for their sales team - Dedicated SI partner portal access - Marketing collateral (brochures, demo videos) provided free

Field Sales Preparation

- Hire or assign **2 field sales representatives** for Noida coverage
- Equip with: branded polo shirts, visiting cards, product brochures (Hindi + English), demo tablet/laptop
- Train on: product demo script, objection handling, trial activation process, Razorpay payment collection
- Define territories: Rep 1 (Sector 18, Atta Market, Brahmaputra Market), Rep 2 (Sector 62, 63, GIP area)
- Set daily targets: 15 store visits/day, 3 demo conversations, 1 trial signup

Physical Marketing Materials (Print)

Material	Quantity	Distribution Plan
A5 flyers (Hindi + English)	2,000	Sector 18, Atta Market, Brahmaputra Market
A4 posters	500	Shop notice boards, market association boards
Visiting cards (field reps)	500 each	Direct handout during store visits
Brochure (tri-fold, 4-color)	1,000	SI partners, trade shows, premium stores

Month 1 — Soft Launch: Noida Only (Weeks 1–4)

Objective: Validate product-market fit in a controlled geography. Generate first 30 trial signups and 15 paid conversions. Build social proof for Month 2 expansion.

Flagship Campaign: "Noida Founding 100"

Offer: First 100 Noida retailers get **50% off for the first 3 months** on any plan.

Plan	Regular Price	Founding 100 Price (3 months)
Starter	₹999/mo	₹499/mo
Growth	₹1,999/mo	₹999/mo
Pro	₹3,499/mo	₹1,749/mo
Pro+	₹5,999/mo	₹2,999/mo

Campaign mechanics: - Unique coupon code: **NOIDA50** (valid for first 100 redemptions only) - Landing page: **retailnazar.com/noida** with countdown timer - WhatsApp broadcast to all Noida contacts every Friday - Field reps carry printed coupon cards for in-person distribution

Physical Outreach — Target Locations

Market/Area	Store Type Focus	Field Rep Activity
Sector 18 Market	Fashion, electronics, food	Flyer distribution + store visits
Atta Market	Grocery, pharmacy, general	Store visits + demo
Sector 62	IT companies, electronics	B2B visits, SI partner meetings
Sector 63	Corporate retail, tech stores	B2B visits
Brahmaputra Market	Kirana, fashion, pharmacy	Flyer distribution + store visits
GIP (Great India Place) area	Fashion, food, electronics	Anchor tenant outreach

Daily field activity log (to be maintained by each rep):

Date | Stores Visited | Demos Given | Trial Signups | Follow-ups Scheduled | Notes

WhatsApp Growth — Month 1 Target: 500 Contacts

- Collect numbers at every store visit (with consent)
- Add QR code on all flyers linking to WhatsApp chat
- Run "Join our Noida Retailers WhatsApp community" campaign on Facebook groups
- Weekly broadcast: Every Friday 3–5 PM (optimal open rate window)
- Content for broadcasts: Retail security tips, product feature highlights, success stories, offer reminders

Social Media — Month 1 Content Calendar

LinkedIn (3 posts/week):

Week	Post 1	Post 2	Post 3
Week 1	"Indian retail loses ₹25,000 crore/year to shrinkage. Here's what most store owners don't know."	Product launch announcement	Founder story — why we built Retail Nazar
Week 2	"5 signs your store has a theft problem you haven't noticed yet"	How AI surveillance differs from traditional CCTV	Customer segment spotlight: Jewellery stores

Week	Post 1	Post 2	Post 3
Week 3	"The real cost of shoplifting (it's not just the stolen item)"	Demo video post	Noida Founding 100 campaign announcement
Week 4	"Why 80% of retail theft goes undetected"	First customer testimonial (if available)	Month 1 learnings / transparency post

Instagram (5x/week — 3 posts + 2 Reels):

Content Type	Frequency	Examples
Educational posts	2/week	"3 types of shoplifting AI can detect instantly", "What is retail shrinkage?"
Product demo/ feature	1/week	Screenshot of alert, dashboard walkthrough
Reels	2/week	30-sec demo of AI detecting suspicious behavior, "Day in the life of a store owner using Retail Nazar"

Hashtag strategy: #RetailIndia #DukaanSecurity #ShopliftingPrevention
 #AIforRetail #RetailNazar #NoidaRetail #SmallBusinessIndia #KiranaStore
 #RetailTech

Facebook (daily activity): - Post 1x/day on company page - Engage in 5 Noida/Delhi NCR business groups daily (value-add comments, not spam) - Paid ads: ₹500/day, geo-targeted 3km radius around Sector 18, Atta Market, Brahmputra Market - Ad creative: Hindi-language video showing "before AI" vs "after AI" scenario

Month 1 Targets & Weekly Milestones

Week	Trial Signups	Paid Conversions	WhatsApp Contacts	LinkedIn Followers
Week 1	5	2	100	50
Week 2	8	4	200	100
Week 3	10	5	350	150

Week	Trial Signups	Paid Conversions	WhatsApp Contacts	LinkedIn Followers
Week 4	7	4	500	200
Month 1 Total	30	15	500	200

Weekly Review Meeting Agenda

Every Monday, 10:00 AM — 30-minute standup: 1. Trial signups vs. target (last 7 days) 2. Paid conversions vs. target 3. Field rep activity report (stores visited, demos given) 4. Social media performance (reach, engagement, follower growth) 5. Customer feedback / product issues reported 6. Top 3 priorities for the coming week

Month 2 — Market Testing: NCR Expansion (Weeks 5–8)

Objective: Expand beyond Noida into full NCR. Activate SI partnerships. Build social proof through testimonials and YouTube content. Reach 40 paid subscribers.

Geographic Expansion

City/Area	Target Markets	Store Type Focus
Gurugram	MG Road commercial, Sohna Road market, Sector 14 market	Fashion, electronics, pharmacy
Ghaziabad	Indirapuram (Shipra Mall area), Vaishali market	Grocery, fashion, general
Faridabad	Sector 16 market, Crown Interiorz Mall area	Electronics, fashion

Expansion approach: - Field reps expand territory (hire 1 additional rep for Gurugram) - SI Partner 1 and 2 activated — they cover their existing client base in these areas - Localized WhatsApp broadcast lists created for each city - Facebook ads geo-targeted to each new market separately

SI Partner Activation — Month 2

Partner	Territory	Activation Activity
SI Partner 1	Noida + Ghaziabad	Product training completed, first 5 referrals targeted

Partner	Territory	Activation Activity
SI Partner 2	Gurugram + Faridabad	Product training completed, co-branded demo event planned

SI Partner support provided: - Co-branded brochures with their company name + Retail Nazar logo - Demo account access for client presentations - Dedicated WhatsApp group for partner support (response within 4 hours) - Monthly commission statement by the 5th of each month

Customer Testimonials — Month 2 Priority

Target: 5 video testimonials from Month 1 customers

Video testimonial script guide (2–3 minutes): 1. Introduce yourself and your store (name, location, type of store) 2. What problem were you facing before Retail Nazar? 3. How did you hear about Retail Nazar? 4. What happened after you started using it? (specific incident or metric) 5. Would you recommend it? To whom?

Incentive for testimonial: 1 month free subscription extension

YouTube Channel Launch — Month 2

First 4 videos to upload:

#	Title	Format	Duration	Language
1	"Retail Nazar — How It Works"	Product demo walkthrough	5–7 min	Hindi + English subtitles
2	"How AI Detects Shoplifting in Real Time"	Explainer + demo footage	4–5 min	Hindi
3	"Setting Up Retail Nazar in 10 Minutes"	Tutorial	8–10 min	Hindi
4	"Real Store Owner Story — How We Stopped ₹15,000/month in Losses"	Testimonial	3–4 min	Hindi

YouTube SEO keywords: "retail security India", "shoplifting detection AI", "CCTV AI India", "dukan security system", "retail loss prevention India"

Email Drip Campaign — Trial Users (7-Email Sequence over 14 Days)

Email #	Day	Subject	Goal
1	Day 0 (signup)	"Welcome to Retail Nazar — Your 3-day trial starts now"	Activation
2	Day 1	"Did you connect your first camera? Here's how (2 min)"	Feature adoption
3	Day 3	"Your trial ends tomorrow — here's what you've protected so far"	Urgency + conversion
4	Day 4 (trial end)	"Your trial has ended — continue protecting your store"	Direct conversion
5	Day 6	"3 things Retail Nazar customers wish they'd known sooner"	Social proof
6	Day 9	"Special offer: 20% off your first month (48 hours only)"	Discount nudge
7	Day 14	"Last chance — your store is unprotected. Here's what you're risking."	Final push

ROI Calculator — Website Feature

Launch on website by Week 5:

Input fields: - Number of cameras - Average daily footfall - Average transaction value - Estimated monthly shrinkage (₹)

Output: - Estimated annual loss without Retail Nazar - Estimated savings with Retail Nazar (based on 60–80% shrinkage reduction) - Payback period (months) - Recommended plan

Referral Program Launch

"Refer a Shop, Get 1 Month Free"

- Every existing customer gets a unique referral link
- When a referred store signs up and pays for Month 1, referrer gets 1 month free
- Referred store gets 10% off their first month
- Tracked via Razorpay + backend referral code system

- Promoted via: WhatsApp broadcast, email newsletter, in-app notification

Press Release — Month 2

Target publications: - Images Retail (India's leading retail trade magazine) - Franchise India - Retail4Growth - YourStory / Inc42 (startup angle) - Local Noida/NCR business newspapers

Press release angle: "Noida-based AI startup BrainGuardX launches Retail Nazar — India's first AI-powered retail surveillance SaaS, helping Indian retailers fight ₹25,000 crore annual shrinkage problem"

Month 2 Targets

Metric	Target
Trial signups	75 (cumulative)
Paid conversions	40 (cumulative)
Active SI partners	2
Video testimonials collected	5+
YouTube videos uploaded	4
WhatsApp contacts	1,200

Month 3 — Delhi Proper Launch (Weeks 9–12)

Objective: Enter Delhi's high-density retail markets. Reach 150 total paid subscribers. Begin soft prospecting for Mumbai and Bengaluru.

Delhi Market Entry — Target Areas

Market	Dominant Retail Type	Approach
Karol Bagh	Fashion, electronics, jewellery	Field reps + SI partner coverage
Lajpat Nagar	Fashion, home decor, grocery	Field reps + Facebook local ads

Market	Dominant Retail Type	Approach
Chandni Chowk	Wholesale, jewellery, electronics	SI partner focus (high-value stores)
South Extension	Premium fashion, lifestyle	LinkedIn B2B ads + direct outreach
Connaught Place	Mixed premium retail, F&B	LinkedIn + Instagram influencer tie-up

Delhi-specific adaptations: - Hindi-dominant marketing materials (Chandni Chowk, Karol Bagh) - Premium positioning for South Extension and CP (emphasize Pro/Pro+ plans) - Wholesale market angle for Chandni Chowk (multi-store, multi-camera needs)

Trade Show / Industry Event Participation

Target events in this period (Q3 2026): - IFSEC India (Security trade show) — if scheduled - Retail Leadership Summit (if in Delhi NCR) - Local CCTV/Security dealer meets organized by CP Plus, Hikvision distributors

Booth/participation requirements: - Pull-up banner (2x) - Demo laptop/tablet with live demo environment - Brochures (500 copies) - Business cards - QR code standee linking to trial signup

SI Partner Network — Month 3

Target: 3 active SI partners selling independently

Partner	Status	Monthly Revenue Target
SI Partner 1 (Noida/Ghaziabad)	Active	5 new subscriptions/month
SI Partner 2 (Gurugram/Faridabad)	Active	5 new subscriptions/month
SI Partner 3 (Delhi)	Newly onboarded	3 new subscriptions/month

Paid Digital Campaigns — Month 3

LinkedIn Paid Campaign: - Objective: Lead generation (demo request form) - Targeting: Job titles — Store Manager, Retail Owner, Operations Head, Security Manager, Franchise Owner - Geography: Delhi NCR - Budget: ₹8,000–10,000/month - Ad format: Single image + lead gen form - Ad copy angle: "Is your store losing ₹20,000/month to theft? Find out in 2 minutes."

Facebook Retargeting: - Audience: Website visitors (last 30 days) who did not sign up for trial - Budget: ₹3,000–5,000/month - Ad: "You visited Retail Nazar. Your 3-day free trial is still waiting." - Frequency cap: 3 impressions/user/week

Instagram Reels (3/week):

Reel Type	Content	Duration
AI Alert Demo	Screen recording of real-time alert being triggered	30–45 sec
Before/After	Store owner explaining loss before vs. after Retail Nazar	45–60 sec
Quick Tip	"3 places in your store where theft happens most"	30 sec

YouTube — "How to Stop Shoplifting" Series

Weekly uploads — 4 videos in Month 3:

#	Title	Angle
5	"Top 5 Shoplifting Techniques Used in Indian Stores"	Educational, high search volume
6	"How to Set Up Theft Alerts on Your CCTV"	Tutorial
7	"Jewellery Store Security — What AI Can Do That Guards Can't"	Segment-specific
8	"Month 1 Results: What Our Noida Customers Experienced"	Social proof

Email Newsletter — "Retail Security Digest" (Monthly)

Launch: Month 3, first issue

Newsletter structure: - **Headline stat:** One shocking retail loss statistic - **Feature article:** Deep dive on one security topic (e.g., "The rise of organized retail crime in Delhi") - **Product update:** New feature or improvement in Retail Nazar - **Customer spotlight:** One customer story (with permission) - **Tip of the month:** One actionable security tip - **Offer:** Exclusive subscriber discount or referral reminder

Distribution: All trial users + paid customers + WhatsApp contacts who opted in

Mumbai/Bengaluru Soft Prospecting — Month 3

Activities (no field presence yet): - LinkedIn outreach to 50 retail owners/managers in Mumbai and Bengaluru - Join Mumbai and Bengaluru retail Facebook groups - Identify 2–3 potential SI partners in

each city (via LinkedIn, trade directories) - Collect email leads via targeted Facebook ads (₹2,000/month, awareness only)

Month 3 Targets

Metric	Target
Total paid subscribers	150
Active SI partners	3
Monthly newsletter subscribers	500+
YouTube subscribers	200+
LinkedIn followers	500+
Instagram followers	1,000+
Mumbai/Bengaluru leads in pipeline	20+

Month 4 — Scale and Stabilize (Weeks 13–16)

Objective: Achieve full NCR coverage, launch Mumbai and Bengaluru pilots, publish case study white paper, reach 250 paid subscribers and ₹4L+ MRR.

Full NCR Coverage Consolidation

Coverage audit: - Map all active customers by pin code - Identify NCR areas with zero penetration - Deploy targeted micro-campaigns for uncovered areas - SI partners to fill geographic gaps

Retention focus: - Personal check-in call to all Month 1 customers (churn prevention) - Offer annual plan discount (2 months free on annual commitment) - Feature request collection — build product roadmap from customer feedback

Mumbai Pilot Launch

Target areas: - Linking Road, Bandra (fashion, lifestyle) - Fashion Street, Fort (budget fashion, accessories) - Malad market / Infinity Mall area (mixed retail)

Pilot approach: - 1 field rep deployed for 2 weeks (travel + accommodation budgeted) - SI partner identified and briefed in Month 3 to lead on-ground - "Mumbai Early Access" campaign — 30% off first 2 months - WhatsApp broadcast list: Mumbai Retailers

Bengaluru Pilot Launch

Target areas: - Jayanagar 4th Block commercial area (fashion, grocery, pharmacy) - Indiranagar 100 Feet Road (premium retail, F&B, lifestyle)

Pilot approach: - Remote-first (no field rep initially — SI partner-led) - LinkedIn and Instagram ads targeting Bengaluru retail owners - "Bengaluru Beta" campaign — 25% off + priority onboarding support

Case Study White Paper

Title: "How Indian Retailers Are Cutting Shrinkage by 60–80% with AI Surveillance: A Retail Nazar Study"

Structure: 1. Executive Summary 2. The Indian Retail Shrinkage Problem (data-driven) 3. Traditional Solutions and Their Limitations 4. The AI-First Approach: How Retail Nazar Works 5. Case Studies (3–5 anonymized or named customer stories) 6. ROI Analysis: Cost vs. Savings 7. Implementation Guide 8. Conclusion and Next Steps

Distribution: - Gated download on website (email capture) - Shared with press contacts - LinkedIn article series (excerpts) - Sent to all SI partners for client presentations

Industry Association Memberships

Association	Membership Type	Purpose
Retailers Association of India (RAI)	Corporate member	Credibility, networking, event access
Confederation of All India Traders (CAIT)	Associate member	Access to kirana/SMB retailer network
NASSCOM (if eligible)	Startup member	Tech credibility, investor visibility
Local market associations (Noida, Delhi)	Member	Ground-level retailer trust

SI/Reseller Network — Month 4 Target: 5+ Active Partners

Partner #	Location	Specialization	Monthly Target
1	Noida/Ghaziabad	CCTV dealer	8 subscriptions

Partner #	Location	Specialization	Monthly Target
2	Gurugram/Faridabad	IT infrastructure	6 subscriptions
3	Delhi	Security systems	5 subscriptions
4	Mumbai	CCTV/security	4 subscriptions (pilot)
5	Bengaluru	IT/security	3 subscriptions (pilot)

Month 4 Targets

Metric	Target
Total paid subscribers	250
MRR	₹4,00,000+
Active SI/reseller partners	5+
White paper downloads	100+
YouTube subscribers	500+
Instagram followers	2,500+
LinkedIn followers	1,000+
Cities with active customers	7+

Section 3: Social Media Channel Strategy

3.1 LinkedIn

Primary objective: B2B lead generation and brand credibility among retail decision-makers

Target audience: - Retail chain owners and directors - Franchise operators and area managers - Security consultants and loss prevention managers - CCTV dealers and system integrators - Retail technology buyers

Content pillars:

Pillar	% of Content	Examples
Thought leadership	35%	Retail shrinkage data, industry trends, AI in retail
Product education	25%	Feature demos, how-it-works explainers, use cases
Social proof	20%	Customer testimonials, case studies, results
Company culture	10%	Team, behind-the-scenes, founder story
Engagement posts	10%	Polls, questions, "Did you know" stats

Posting schedule: Monday, Wednesday, Friday — 9:00 AM or 12:00 PM (peak B2B engagement)

LinkedIn Company Page + Founder Personal Posts: - Company page: Product news, case studies, industry data - Founder page: Personal story, vision, industry commentary (higher organic reach) - Cross-promote: Founder shares company page posts with personal commentary

LinkedIn Paid Ads (Month 3 onwards):

Campaign	Objective	Budget	Targeting
Demo Request	Lead generation	₹8,000/month	Store Manager, Retail Owner, Security Manager — Delhi NCR
Brand Awareness	Impressions	₹3,000/month	Retail industry, Delhi NCR, 500+ connections
Retargeting	Website visitors	₹2,000/month	LinkedIn Insight Tag audience

3.2 Instagram

Primary objective: Brand awareness and trial signups among younger, aspirational retail owners

Target audience: - Shop owners aged 25–45 - Aspirational retailers looking to modernize - Fashion, lifestyle, and F&B store owners - Young entrepreneurs in retail

Content pillars:

Pillar	Format	Frequency
Educational tips	Carousel / Static	2x/week
Product demo	Reel / Video	1x/week
Customer stories	Static / Reel	1x/week
Behind-the-scenes	Story / Reel	1x/week

Reels strategy (2x/week): - Hook in first 2 seconds (text overlay: "Your store is being robbed right now") - Show AI alert in action (demo footage) - End with CTA: "3-day free trial — link in bio" - Duration: 30–60 seconds - Add trending audio where appropriate

Hashtag sets:

Primary: #RetailNazar #AIforRetail #RetailIndia #DukaanSecurity Secondary: #ShopliftingPrevention #SmallBusinessIndia #KiranaStore #RetailTech #CCTVIndia
Local: #NoidaRetail #DelhiRetail #GurugramBusiness #MumbaiRetail #BengaluruBusiness

Influencer collaboration (Month 2 onwards): - Target: Micro-influencers (10K–100K followers) in Delhi/NCR retail/business niche - Compensation: Free subscription (3–6 months) + ₹2,000–5,000 per post - Content: Honest review of Retail Nazar in their store

3.3 Facebook

Primary objective: Community building and local market penetration among 35–55 year old shop owners

Target audience: - Shop owners aged 35–55 - Local business community members - Market association members - Hindi-speaking retail owners

Content strategy: - **Language:** 60% Hindi, 40% English (or Hinglish) - **Tone:** Friendly, community-oriented, trust-building - **Content types:** Success stories, live demos, security tips, offer announcements, community polls

Group engagement strategy:

Group Type	Examples	Engagement Approach
Delhi NCR Business Groups	"Delhi NCR Business Network", "Noida Business Community"	Share tips, answer questions, soft product mentions
Noida Traders Groups	"Noida Traders Association", "Sector 18 Merchants"	Active participation, event announcements
Retail-specific groups	"Indian Retail Forum", "Kirana Store Owners India"	Educational content, case studies
CCTV/Security groups	"CCTV Dealers India", "Security Systems India"	SI partner recruitment

Paid advertising strategy:

Campaign	Audience	Budget	Format
Awareness	Shop owners, 35–55, 3km radius around target markets	₹500/day	Video (Hindi)
Trial signup	Retail interest, Delhi NCR, 30–60 age	₹300/day	Lead ad
Retargeting	Website visitors, Facebook page engagers	₹200/day	Carousel

Facebook Marketplace: List Retail Nazar as a service with pricing, photos, and contact details. Update weekly.

3.4 WhatsApp

Primary objective: Direct, high-conversion communication with warm leads and existing customers

WhatsApp Business setup:

Feature	Configuration
Business name	Retail Nazar by BrainGuardX
Category	Software / Technology
Business hours	Mon–Sat, 9 AM–7 PM

Feature	Configuration
Away message	Auto-reply with trial link and pricing page
Greeting message	Personalized welcome with quick reply buttons
Catalog	All 4 plans with pricing and features

Broadcast list structure:

List Name	Audience	Broadcast Frequency
Noida Retailers	Noida contacts	Weekly (Friday 3 PM)
Delhi Retailers	Delhi contacts	Weekly (Friday 3 PM)
NCR General	Mixed NCR	Bi-weekly
Trial Users	Active trial users	Day 1, Day 2, Day 3 (automated)
Paid Customers	Active subscribers	Monthly newsletter
Mumbai Leads	Mumbai prospects	Bi-weekly
Bengaluru Leads	Bengaluru prospects	Bi-weekly

Weekly broadcast content calendar:

Week	Broadcast Content
Week 1	Security tip + product feature highlight
Week 2	Customer success story + referral program reminder
Week 3	Industry stat + "Did you know" + trial CTA
Week 4	Monthly offer / discount + upcoming features

WhatsApp Status (3x/week): - Monday: Motivational retail quote or security tip - Wednesday: Product feature or demo clip - Friday: Offer reminder or customer testimonial

3.5 YouTube

Channel: Retail Nazar — AI Security for Indian Stores **Channel tagline:** "Apni dukan ki suraksha, AI ke saath" (Protect your store with AI)

Content series:

Series 1: "Retail Security Tips" (Weekly, 3–5 min, Hindi) - Practical, actionable tips for store owners - Topics: blind spots in stores, employee theft signs, how to read CCTV footage, etc. - SEO-optimized titles: "Dukan mein chor kaise pakde?" / "Retail theft kaise rokein?"

Series 2: "How Retail Nazar Works" (Product demo series) - Step-by-step tutorials for each feature - Onboarding guide, alert configuration, report reading - Useful for both prospects and existing customers

Series 3: "Shop Owner Stories" (Customer testimonials) - 3–5 minute interviews with real customers - Filmed at their store (adds authenticity) - Hindi-language, subtitled

YouTube Shorts (2x/week, 30–60 sec): - AI detecting suspicious behavior (demo footage) - Quick tips ("3 seconds to set up an alert zone") - Before/after scenarios - Trending audio + text overlay format

Upload schedule: 1 long-form video (Tuesday) + 2 Shorts (Thursday + Saturday)

YouTube SEO strategy: - Keyword research: "retail security India", "shoplifting India", "CCTV AI", "dukan security" - Optimize titles, descriptions, and tags for each video - Add chapters/timestamps to all long-form videos - End screen: Subscribe + link to trial signup - Pinned comment: Trial link + pricing page

3.6 Email Marketing

Tool: Gmail SMTP via Retail Nazar backend (existing infrastructure) **From name:** Retail Nazar Team
From email: support@retailnazar.com

Email sequences:

Sequence 1: Trial Onboarding Drip (7 emails over 14 days)

Email	Day	Subject Line	CTA
1	0	"Welcome! Your 3-day trial is live — here's how to get started"	Connect first camera
2	1	"Quick win: Set up your first alert zone in 2 minutes"	Watch tutorial
3	2	"Your AI is learning your store — here's what it's watching"	View dashboard

Email	Day	Subject Line	CTA
4	3	"Trial ending tomorrow — here's what you've protected"	Upgrade now
5	4	"Your trial has ended. Don't leave your store unprotected."	Choose a plan
6	6	"3 things Retail Nazar customers wish they'd known sooner"	Read + upgrade
7	14	"Special: 20% off your first month — 48 hours only"	Claim offer

Sequence 2: Trial-Ended Conversion (3 emails)

Email	Day After Trial	Subject Line	CTA
1	Day 1	"Your store is unprotected. Here's what you're risking."	Reactivate
2	Day 4	"A Noida store owner stopped ₹12,000 in theft last month. Here's how."	See how
3	Day 10	"Last chance: 15% off if you subscribe this week"	Subscribe now

Sequence 3: Paid Customer Monthly Newsletter - "Retail Security Digest" — sent on the 1st of each month - Content: Industry news, product updates, customer spotlight, security tip, referral reminder

Sequence 4: Churned Customer Win-Back (2 emails)

Email	Day After Churn	Subject Line	CTA
1	Day 3	"We noticed you left — can we ask why?"	Feedback form
2	Day 14	"Come back: 1 month free if you reactivate this week"	Reactivate

Section 4: System Integrator / OEM Strategy

4.1 Target Partner Profile

Retail Nazar's SI/reseller program is designed to leverage India's vast network of CCTV dealers, IT infrastructure companies, and security system installers — turning them into a distributed sales force.

Ideal SI partner characteristics: - Existing client base of 50+ retail stores - Active in Delhi NCR, Mumbai, or Bengaluru - Currently selling CCTV hardware (CP Plus, Hikvision, Dahua, etc.) - Has a technical team capable of basic software setup - Interested in adding recurring revenue to their business model

4.2 Value Proposition for SI Partners

Benefit	Details
New revenue stream	20–30% recurring commission on every subscription they bring
No product development cost	Sell a ready-made, proven AI product
Competitive differentiation	Offer AI capabilities that competitors can't match
Co-branding option	White-label available for high-volume partners (Pro+ tier)
Free training	Full product training + certification at no cost
Marketing support	Co-branded brochures, demo videos, and sales collateral provided
Dedicated support	Priority WhatsApp support channel, 4-hour response SLA

4.3 Commission Structure

Partner Tier	Monthly Subscriptions Referred	Commission Rate	Additional Benefits
Silver	1–5 active subscriptions	20% recurring	Basic co-branding
Gold	6–15 active subscriptions	25% recurring	Co-branded materials + priority support

Partner Tier	Monthly Subscriptions Referred	Commission Rate	Additional Benefits
Platinum	16+ active subscriptions	30% recurring	White-label option + dedicated account manager

Commission payment: Paid monthly by the 10th of the following month via bank transfer or Razorpay payout.

4.4 Training and Certification Program

Module 1: Product Knowledge (2 hours) - How Retail Nazar works (technical overview) - Feature walkthrough (all 4 plans) - Common customer questions and answers

Module 2: Sales Training (2 hours) - Identifying ideal customers - Demo script and objection handling - Pricing conversation and plan recommendation

Module 3: Technical Setup (3 hours) - Camera compatibility and requirements - Installation and onboarding process - Troubleshooting common issues

Certification: Partners who complete all 3 modules receive a "Retail Nazar Certified Partner" certificate and badge for their website/marketing materials.

4.5 Partner Recruitment Process

1. Identify potential partners (LinkedIn, trade directories, CCTV dealer associations)
2. Initial outreach (WhatsApp/LinkedIn message with partner program overview)
3. Discovery call (30 minutes — understand their business, client base, goals)
4. Demo of Retail Nazar (live product demo)
5. Share Partner Agreement and commission structure
6. Sign LOI / Partner Agreement
7. Complete training and certification
8. Activate partner portal access
9. First joint sales call / co-sell opportunity

Section 5: Revenue Projections

5.1 Monthly Revenue Targets

Month	Paid Subscribers	Avg. Plan Value	Projected MRR	Cumulative ARR Run Rate
Month 1	15	₹1,800	₹27,000	₹3,24,000
Month 2	40	₹2,000	₹80,000	₹9,60,000
Month 3	150	₹2,200	₹3,30,000	₹39,60,000
Month 4	250	₹2,400	₹6,00,000	₹72,00,000

Note: Average plan value increases over time as larger stores (Growth/Pro/Pro+) are acquired through SI partners and Delhi/Mumbai expansion.

5.2 Conservative vs. Optimistic Scenarios

Month	Conservative MRR	Base Case MRR	Optimistic MRR
Month 1	₹15,000	₹30,000	₹50,000
Month 2	₹60,000	₹1,00,000	₹1,50,000
Month 3	₹1,50,000	₹2,50,000	₹3,50,000
Month 4	₹3,00,000	₹4,50,000	₹6,50,000

5.3 Plan Mix Assumptions (Month 4)

Plan	Price	Assumed % of Subscribers	Subscribers	MRR Contribution
Starter	₹999	30%	75	₹74,925
Growth	₹1,999	35%	87	₹1,73,913
Pro	₹3,499	25%	63	₹2,20,437

Plan	Price	Assumed % of Subscribers	Subscribers	MRR Contribution
Pro+	₹5,999	10%	25	₹1,49,975
Total	—	100%	250	~₹6,19,250

5.4 Revenue from SI Channel (Month 4 Estimate)

SI Partner	Active Subscriptions	Avg. Plan	Gross Revenue	Commission (25%)	Net Revenue
Partner 1	20	₹2,000	₹40,000	₹10,000	₹30,000
Partner 2	15	₹2,500	₹37,500	₹9,375	₹28,125
Partner 3	12	₹2,200	₹26,400	₹6,600	₹19,800
Partner 4	8	₹2,000	₹16,000	₹4,000	₹12,000
Partner 5	5	₹1,800	₹9,000	₹2,250	₹6,750
Total	60	—	₹1,28,900	₹32,225	₹96,675

Section 6: Budget Allocation

6.1 Monthly Marketing Budget

Category	Month 1	Month 2	Month 3	Month 4
Digital advertising (Facebook, Instagram, LinkedIn, Google)	₹15,000	₹20,000	₹30,000	₹40,000
Field sales (travel, fuel, parking)	₹8,000	₹12,000	₹15,000	₹18,000
Print materials (flyers, brochures, posters)	₹8,000	₹3,000	₹5,000	₹3,000

Category	Month 1	Month 2	Month 3	Month 4
Content creation (video production, design)	₹5,000	₹8,000	₹10,000	₹12,000
Events/trade shows	₹0	₹0	₹15,000	₹5,000
Influencer collaborations	₹0	₹5,000	₹8,000	₹10,000
Miscellaneous	₹5,000	₹5,000	₹5,000	₹5,000
Total	₹41,000	₹53,000	₹88,000	₹93,000

6.2 Digital Ad Budget Breakdown (Month 3 Example)

Platform	Budget	Objective	Expected Outcome
Facebook/Instagram	₹15,000	Trial signups + awareness	50–80 trial signups
LinkedIn	₹10,000	B2B lead generation	15–25 demo requests
Google Search	₹5,000	Intent-based traffic	30–50 website visits/day
Total	₹30,000	—	—

6.3 Cost Per Acquisition (CPA) Targets

Channel	Target CPA	Basis
Facebook/Instagram ads	₹500–800 per trial signup	₹15,000 budget / 20–30 signups
LinkedIn ads	₹1,500–2,500 per demo request	₹10,000 / 4–7 demos
Field sales	₹800–1,200 per trial signup	₹10,000 / 8–12 signups
SI partner channel	₹0 direct (commission-based)	No upfront cost
Referral program	₹999–1,999 (1 month free)	Cost = 1 month subscription
WhatsApp/organic	₹100–300	Low-cost, high-intent

Section 7: KPIs & Success Metrics

7.1 Primary Business KPIs

KPI	Month 1 Target	Month 2 Target	Month 3 Target	Month 4 Target	Measurement
Trial signups (weekly)	7–8/week	10–12/week	20–25/week	30–35/week	Backend dashboard
Trial-to-paid conversion rate	40%+	45%+	50%+	55%+	$(\text{Paid} / \text{Trial}) \times 100$
MRR	₹30,000	₹1,00,000	₹2,50,000	₹4,50,000	Razorpay dashboard
MRR growth rate (MoM)	—	200%+	150%+	80%+	$(\text{MRR M2} - \text{MRR M1}) / \text{MRR M1}$
Customer Acquisition Cost (CAC)	<₹2,000	<₹1,500	<₹1,200	<₹1,000	Total marketing spend / new paid customers
Monthly churn rate	<10%	<8%	<6%	<5%	Churned / Total subscribers
Net Promoter Score (NPS)	>30	>40	>50	>55	Monthly NPS survey

7.2 Marketing Channel KPIs

Channel	KPI	Month 1	Month 2	Month 3	Month 4
LinkedIn	Followers	200	400	700	1,200
LinkedIn	Post engagement rate	3%+	4%+	5%+	5%+
Instagram	Followers	300	700	1,500	3,000
Instagram	Reel views (avg.)	500	1,500	3,000	5,000

Channel	KPI	Month 1	Month 2	Month 3	Month 4
Facebook	Page likes	200	500	1,000	2,000
Facebook	Ad CTR	1.5%+	2%+	2.5%+	3%+
YouTube	Subscribers	50	150	350	700
YouTube	Video views (avg.)	200	500	1,000	2,000
WhatsApp	Broadcast list size	500	1,200	2,500	4,000
WhatsApp	Broadcast open rate	60%+	65%+	70%+	70%+
Email	List size	100	300	700	1,500
Email	Open rate	25%+	30%+	35%+	35%+
Email	Click-through rate	5%+	7%+	10%+	10%+

7.3 Product & Customer Success KPIs

KPI	Definition	Target	Measurement Frequency
Time to first alert	Time from signup to first AI alert triggered	<24 hours	Per customer
Camera connection rate	% of trial users who connect at least 1 camera	>80%	Weekly
Feature adoption rate	% of paid users using 3+ features	>60%	Monthly
Support ticket volume	Tickets per 100 customers	<15	Weekly
Support resolution time	Avg. time to resolve a ticket	<4 hours	Weekly
Customer lifetime value (LTV)	Avg. revenue per customer over lifetime	>₹15,000	Quarterly
LTV:CAC ratio	LTV divided by CAC	>5:1	Monthly

7.4 Reporting Cadence

Report	Frequency	Audience	Format
Weekly performance dashboard	Weekly (Monday)	Founding team	Google Sheets / Notion
Monthly marketing report	Monthly (1st)	Founders + investors	PDF report
SI partner performance	Monthly (5th)	SI partners	Email + spreadsheet
NPS survey	Monthly	All paid customers	Google Form / Typeform
Financial MRR report	Monthly (1st)	Founders	Razorpay export + spreadsheet

Section 8: Risk Mitigation

8.1 Risk Register

#	Risk	Probability	Impact	Mitigation Strategy
1	Competition from local CCTV dealers	High	Medium	Differentiate on AI intelligence, not hardware
2	Price sensitivity in smaller markets	High	High	Starter plan at ₹999, 3-day trial, ROI calculator
3	Internet connectivity issues	Medium	High	Offline buffering mode, edge processing roadmap
4	Low trial-to-paid conversion	Medium	High	Improve onboarding, add human touchpoint during trial
5	SI partner underperformance	Medium	Medium	Diversify partner base, direct sales as backup

#	Risk	Probability	Impact	Mitigation Strategy
6	Negative customer review / PR	Low	High	Proactive support, rapid response protocol
7	Technical downtime / outage	Low	High	SLA commitments, status page, proactive communication
8	Regulatory / data privacy concerns	Low	Medium	Clear privacy policy, data localization, DPDP compliance

8.2 Detailed Mitigation Strategies

Risk 1: Competition from Local CCTV Dealers Offering Manual Monitoring

The threat: Local CCTV dealers often offer "monitoring services" where a human watches footage remotely. They have existing relationships with store owners and may undercut on price.

Mitigation: - **Educate, don't just sell:** Create content that explains why human monitoring fails (fatigue, distraction, cost at scale). Position AI as superior, not just cheaper. - **Demonstrate ROI:** Use the ROI calculator to show that even at ₹999/month, Retail Nazar pays for itself if it prevents even one theft incident. - **Partner with dealers:** Rather than fighting them, recruit CCTV dealers as SI partners. Turn competitors into channel partners. - **Speed advantage:** Emphasize that AI alerts in real-time (seconds), while human monitoring may have delays of minutes. - **Scalability argument:** One human can monitor 4–6 cameras. Retail Nazar monitors unlimited cameras simultaneously.

Risk 2: Price Sensitivity in Smaller Markets

The threat: Kirana store owners and small retailers may balk at ₹999/month, especially if they've never paid for software before.

Mitigation: - **3-day free trial:** Remove the financial risk entirely. Let the product prove itself. - **ROI framing:** Never talk about cost — always talk about savings. "₹999/month to protect ₹20,000/month in potential losses." - **Hindi-language communication:** Price sensitivity often comes from lack of understanding. Explain in Hindi, in simple terms. - **Founding 100 discount:** 50% off for first 3 months reduces the commitment barrier significantly. - **Annual plan option:** Offer 2 months free on annual payment — appeals to cost-conscious buyers who commit long-term. - **Starter plan positioning:** ₹999/month is less than ₹35/day — frame it as "less than a cup of chai per day to protect your store."

Risk 3: Internet Connectivity Issues in Some Locations

The threat: Some retail locations, especially in older markets (Chandni Chowk, Karol Bagh), may have unreliable internet connectivity, which could affect AI processing and alert delivery.

Mitigation: - **Minimum bandwidth requirement:** Clearly communicate minimum internet speed requirements (2 Mbps per camera) before onboarding. - **Connectivity check tool:** Add a simple bandwidth test on the onboarding page. - **Edge processing roadmap:** Plan for local edge processing (on-device AI) as a future feature for low-connectivity environments. - **Offline buffering:** Implement local footage buffering so alerts are queued and delivered when connectivity is restored. - **4G/LTE fallback:** Recommend a 4G router as a backup for stores with unreliable broadband. - **Honest expectation setting:** Don't oversell in areas with known connectivity issues. Better to lose a sale than to have a churned, unhappy customer.

Risk 4: Low Trial-to-Paid Conversion Rate

The threat: If trial users don't see value within 3 days, they won't convert. A conversion rate below 30% would make the economics unsustainable.

Mitigation: - **Concierge onboarding:** For the first 50 trial users, assign a team member to personally call and help them connect their first camera within 24 hours. - **Quick win design:** Ensure the product delivers a visible alert or insight within the first hour of use. - **Day 2 check-in:** Automated WhatsApp message on Day 2 of trial: "Have you connected your camera? Need help? Reply here." - **Trial extension:** Offer a 2-day extension to users who connected a camera but haven't seen an alert yet. - **Conversion call:** For high-value prospects (Pro/Pro+ plan size), make a personal phone call on Day 3 of trial.

Risk 5: SI Partner Underperformance

The threat: SI partners may sign up but not actively sell, leaving the channel underperforming.

Mitigation: - **Minimum activity requirement:** Partners must refer at least 2 subscriptions in their first 60 days to maintain active status. - **Joint sales calls:** Offer to join SI partner sales calls for the first 3 months to help close deals. - **Monthly partner review:** Monthly call with each partner to review pipeline, address blockers, and provide support. - **Incentive acceleration:** Bonus commission (5% extra) for partners who exceed monthly targets. - **Direct sales backup:** Maintain a direct sales team that can cover any geographic gaps left by underperforming partners.
