WHY VANTAG — THE UNFAIR ADVANTAGE

STOPS THEFT BEFORE THE EXIT

Product-sweep & concealment AI fires a CRITICAL alert the moment a thief moves — not on the CCTV replay tomorrow.

USES YOUR EXISTING CAMERAS

Works with Hikvision, Dahua, Reolink, and any generic IP cam. Zero rip-and-replace. Zero proprietary hardware tax.

RUNS ON THE EDGE — NO CLOUD BILL

All 11 models run locally on an Android phone, a PC, or the Vantag Edge Box. No per-event fees. No video leaves your premises.

ALERTS WHERE YOUR TEAM ALREADY IS

Push, SMS, WhatsApp, Slack, Teams, Webhook. One-tap remote door lock over MQTT from anywhere.

LIVE IN 30 MINUTES, NOT 30 DAYS

Register → auto-discover cameras → go live. No integrator. No site survey. No 6-figure project.

PRICED FOR REAL SHOPS

From S\$19/mo. 3-day free trial on every plan. Cancel anytime — no lock-in.
